Hi-vis winter bomber jacket

In case of cold and erratic weather, it is best to put on the Hobson. This hi-vis winter bomber jacket protects you in all-weather conditions thanks to the specially developed SIOPOR[®] fabric. This sturdy water-repellent fabric has good breathability, so you can continue to work comfortably. The extended back and the elastic constriction at the wrist and at the waist contribute to your comfort. Its many pockets, including a pocket on the inside and on the sleeve, make this a very practical bomber jacket.
