Washing Instructions

Washing: At a temperature at or below 40 °C in a solution containing synthetic detergent. Wash inside out. Do not wash together with clothes made of other materials.
Bleaching: Do not handle with soaking and detergent that contains bleaching agent.
Flushing: At a temperature close to the washing, and then in cold water.
Drying: Drum drying is allowed, with a wash programme (lower temperature, max. 60°C)
Ironing: With an iron with a maximum soleplate temperature of 160°C, without steaming. Steam ironing may cause irreversible damage
Chemical cleaning: Can be dry-cleaned in a dry cleaner with perchloroethylene, using a standard programme with pre-detergent spot treatment if required.
